

Rolling Advertisement for PhD Positions (Open Throughout the Year)

The Department of Biotechnology, IIT Hyderabad invites applications for PhD positions on a rolling basis (open throughout the year) from highly motivated candidates with a strong interest in modern areas of biotechnology.

Applicants must possess a valid national fellowship, such as CSIR-JRF, UGC-JRF, ICMR-JRF, or DBT-JRF (Category I).

Selected candidates will have the opportunity to work on cutting-edge research projects under the guidance of faculty members in the department and collaborate with leading researchers across interdisciplinary areas of biotechnology. For more information about ongoing research in the department, please visit: <https://biotech.iith.ac.in>.

Interested candidates should send the following documents by email:

- Detailed CV, degree transcripts and JRF selection letter.
- Brief statement of purpose outlining their research interests

Applications should be sent to the respective **Principal Investigator**, with a CC to: phd_biotech@iith.ac.in

Applications will be reviewed throughout the year, and suitable candidates will be contacted for interviews on a rolling basis.
